

GREYHOUND TIPS

IMPORTANT INFO FOR NEW ADOPTERS

- 1. ALWAYS KEEP YOUR GREYHOUND ON LEASH**
when outside a securely fenced area.
- 2. NEVER DISTURB A SLEEPING GREY**
Call its name or get its attention before touching, especially in its crate or on its bed. This is where most instances of growling may happen.
- 3. CHECK INGREDIENTS OF YOUR FOOD**
Corn or wheat should NOT be 1st or 2nd on the list as they do not digest well. Avoid SOY as it gives greyhounds gas.
- 4. STAY WITH YOUR GREYHOUND WHILE IT EXPLORES NEW SURROUNDINGS.**
Use the muzzle provided when introducing it to another dog or small animals.
- 5. TEACH YOUR CHILDREN RESPECT FOR YOUR NEW GREYHOUND**
and NEVER leave small children alone, unsupervised with your dog. Your new grey may be nervous and feel threatened for several weeks.
- 6. WE STRONGLY RECOMMEND A CRATE**
especially in the beginning.
It makes life so much easier for you and for your new Greyhound.
- 7. DO NOT EXPECT TOO MUCH TOO SOON**
Time, patience, and love are the ingredients for having a contented and happy greyhound family.
- 8. FIND A GREYHOUND KNOWLEDGEABLE VET**
to care for your greyhound.
- 9. YOUR GREY IS CRATE TRAINED BUT NOT HOUSEBROKEN**
Keep it on a regular schedule of feeding and outing.
Gentle, but firm correction is the answer to accidents. Be patient and consistent.
- 10. "ADOPTING THE RACING GREYHOUND"**
a book by Cynthia Branigan, should be your bible.
You can purchase or order it in any pet or bookstore.
